# Lyon County

MN GAC field summaries

Observed in statewide sources. Field population describes available values; it is not a compliance grade or a county-direct schema assessment.

## Parcel Polygons

**57.14%**

Mandatory population

Observed 2026-11-26 05:01 CST

MN GAC standard v1.1.3

16,403 records | 91/91 field names | 4/7 mandatory fields full

Selected gaps: CTU Name: 0.00%; CTU Code: 0.00%; Export Date: 0.00%

Population scan: 91 of 91 standard fields. All-field population: 29.69%.

## Road Centerlines

**99.90%**

Mandatory population

Observed 2026-11-26 05:01 CST

MN GAC standard v1.1.1

4,056 records | 73/73 field names | 33/34 mandatory fields full

Selected gaps: Right Zip Code: 96.57%

Population scan: 34 of 73 standard fields. Unscanned fields are not scored.

## Address Points

**99.85%**

Mandatory population

Observed 2026-11-26 05:01 CST

MN GAC standard v1.3.2

11,417 records | 53/53 field names | 17/18 mandatory fields full

Selected gaps: Address Authority: 97.27%

Population scan: 18 of 53 standard fields. Unscanned fields are not scored.

Population = the share of evaluated field values containing data. Full means populated for every record. Road/address observations are separate from access classifications.
